

Huebsch is the answer.

OPL
120 - 170 lb NovaStar™
Tumble Dryers

Huebsch is the answer.

Anybody can sell you laundry equipment and discuss the merits of each nut and bolt. However, at Huebsch, our priority is answering your questions about how working with us will make your business easier to run and more profitable.

Customers have selected Huebsch products for their ease of use, supreme durability and because owning a Huebsch product brings a service and support network that's unmatched within the industry. For profitability, reliability and ease of use, Huebsch is the answer.

Big Performance

Why are 120 and 170 lb Huebsch NovaStar™ commercial tumble dryers a good fit for my laundry?

Extra capacity.

When on-premises laundries are faced with huge loads and no time to waste waiting for a dryer, managers turn to Huebsch NovaStar™ tumble dryers for their extra-large cylinders and superior capacity. NovaStar™ models keep productivity in your laundry high.

Highly efficient.

Huebsch large capacity tumble dryers give you not only extra capacity, but also superior efficiency with a high performance heater box. Sealed cylinder rims and a concentrated airflow pattern ensure no heat is wasted, helping to keep utility costs down and the laundry yielding maximum throughput volumes.

Additional Features

Beyond efficiency, what NovaStar™ features help improve my operation overall?

Large door openings.

Huebsch is the answer for fast loading and unloading with 26.89" door openings. When your staff is able to load and unload quickly, your laundry is able to keep loads moving. In addition, the steel construction of our door and heavy-duty hinge ensure

both can handle whatever the staff dishes out.

Easy to clean.

A self-cleaning lint screen means fast, efficient lint removal from the tumble dryer's large storage area. The result is consistent fast, efficient drying.

Tangle tamer.

NovaStar™ tumble dryers put an end to tangles by making reversing cylinders standard features. That means no more wasted time for staff spent untangling large pieces such as sheets or table linens.

Excellent Options

What other options make NovaStar™ models the right choice for my operation?

An extra line of defense.

Huebsch offers its Combustion Auto Response Equipped (CARE) system as an option on NovaStar™ tumble dryers. CARE monitors for excessive cylinder temperatures and sprays water on the load should it register an abnormally high reading. A "system active" signal also can be sent to a property's alarm system or another device.

A Great Finish

How will these tumble dryers help my laundry deliver fantastic finished results?

Staying in control.

NovaStar™ models can be equipped with either Huebsch's extremely user-friendly Micro-Display control or Dual Digital control. The Micro-Display control features four preset drying cycles and offers the ability to further customize four additional programs. This programmability enables you to get

Micro-Display Control

Dual Digital Control

the results you desire every load with no wasteful overdrying. With the Dual Digital control, operators can set drying time (0-60 minutes), cool down time (0-15 minutes) and temperature (high, medium, low, no heat). Additional user-friendly features include a one-touch cycle repeat, automatic anti-wrinkle extended tumble and time remaining display.

Unmatched Durability

Commercial laundry equipment is no small expense; I want peace of mind my equipment will last well into the future. What sets Huebsch apart from other brands in terms of reliability?

Quality components.

The NovaStar's™ drive system is built using cast iron pulleys and permanently sealed bearings. An all-belt drive system increases reliability. The bottom line is reliable performance with minimal maintenance.

Not just standing behind our equipment, but standing beside you and your business.

Our **Made-In-America** product comes with an industry-leading bond. The entire machine receives Huebsch's standard three-year warranty. In addition, Huebsch has more service representatives in the field than most brands have in their whole organization. Huebsch support is further bolstered by an online component and a help line that takes 100,000 calls per year.

*Parts only, labor not included. See Huebsch Warranty Bond for specifics.
